### How to use the Green Waste bin

- Don't pack material too tightly as the bin will not empty completely
- Mow your grass as close to collection day as possible
- Place freshly mown grass clippings near the top of your bin to prevent sticking
- Bin lid must be closed
- If you can't easily tip and move the bin by hand it's too heavy
- Bins heavier than 75 kg will not be emptied
- Cut up Christmas trees before putting in the bin

**Do not**  
place these  
items in the  
green waste bin

**Building material and dust**

**Rubbish**

**Soil**

**Plastic bags**

**Food**
